

What Up Fam

Robust

Yo... What up
this goes out to my fam
you know...
All my peoples...
what up fam

What up fam
everybody spread across the land
its time a lines in demand
i find im just a man
like any other, tryin muster up a plan
standin in the struggle
till im 6ft. under the sand
and the earth recycles my flesh
and lets my soul expand
like a birds first flight from the nest
so understand i only write to express
what i feel
so deeply inside of my chest
lifes sad, but i try not to get depressed
id rather feel blessed
for everthing i have, because i coulda had less
id take both the good and bad
lookin back, leave out all the regrets
cause all they ever caused was a mess
press pause and
let all of my flaws dissolve with
the debts that collect like the calls
to yall
and yes its my family
let you know in one verse
your the ones who come first
My family.
what up fam

and to the homies i dont see or talk to often enough
id come to visit every day if it didnt cost so much
take the train to the bronx

jump off and chill till
i hop on a bus
up to providence plus
stop off in albany to build
on my way back from bakin in boston
coughin up blunts, just flossin
lost in new haven
hanging with my brother edwardo
talkin about all the moves were makin
now i take a detour out to freeport
i wish i could keep rockin beats with sun deep more
before life got the best of us
we were seekin the rewards
this is for my people i keep creepin with g4
duck soup and ear drums in the places i record
makin mike g keep playin that key board
damn ones the dj the leaf is your recourse
peace to my fam spreadin to each of the sea shores.

this goes out to all my friends and family out there.
wherever you at and wherever you are.
