

# Young Love

## The Judds

She was sitting cross legged on a hood of a Ford  
Filing down her nails with an Emory board  
Talking to her friends about people they knew  
And all of the things that young girls do  
When she said, "You see that guy in the baseball cap?  
I'd like to spend some time with a boy like that"  
Betty said, "I've seen him at the hardware store  
I think his name is Billy, but I'm not sure"  
And as they talked a little while he passed by  
She smiled at him he just said "Hi"  
He was thinking to himself as he walked away  
Man, I'd like to find a girl like her someday  
Young love, strong love, true love  
It's a new love  
They're gonna make it through the hard times  
And walk those lines  
Yeah, these ties will bind  
Young love  
Well, she just couldn't stop herself from thinking 'bout him  
And at a store downtown she saw him again  
She had both hands full, he held open the door  
He said, "My name is Billy, I've seen you before"  
"Can I help you with these? Can I give you a ride?  
Can I take you out on a Saturday night?"  
She didn't have to say what she was feeling inside  
He could see the answer shining in her eyes  
Young love, strong love, true love  
It's a new love  
They're gonna make it through the hard times  
And walk those lines  
Yeah, these ties will bind  
Young love  
Well, from that day on you couldn't keep them apart  
They were side by side and heart to heart  
Mama cried as Billy slipped the ring on her hand  
And when the baby was born she was crying again  
Well, he worked real hard and put some money down  
On a little old house at the edge of town  
And that night as he held her he couldn't believe  
That God had made a girl that he'd never ever leave  
Young love, strong love, true love  
It's a new love  
They're gonna make it through the hard times  
And walk those lines  
Yeah, these ties will bind  
Young love  
She was sitting cross legged on the hood of a Ford  
Filing down her nails with an Emory board
