

# Zealot

## Burning Image

I don't need your misery  
I don't need your apathy  
Zealot  
As I watch your cities burn  
In the end what did you learn?  
Zealot! Was I wrong to make you sin?  
And corrupt the heart within?  
Live your life the way you want  
Live your life the way you want I don't need your charity  
I just want your sympathy  
Zealot!  
As I watch your rivers churn  
In the end the tide will turn  
Zealot! Was I wrong to make you sin?  
And corrupt the heart within?  
Live your life the way you want  
Live your life the way you want
