

Real People

The Cadillac Three

Pretty girl
Pickup truck
Whiskey drink
Good bud
Small town
Red clay
Pay cheque
Friday
Hot sauce
Cold beer
The way they talk
Round here
Old boots
Ball cap

Little tiny dot on the state map
The speakers in the back of Jimmy's 85 Regal

Smoke pouring out the window know it ain't legal

(Don't give a damn what you think)

I'm talking real people

Momma's on the front porch threading that needle

Daddy spent his life running from the church steeple

(Don't give a damn what you think)

I'm talking real people

(That's right) Stop sign

Bullet holes

Small mouth

Fishing pole

Gramps

Wavin'

Jesus

Still savin'

VC Powder

V8 Power

Neighbours

Gonna lend a hand

Hell yeah

I'm American!
The speakers in the back of Jimmy's 85 Regal

Smoke pouring out the window know it ain't legal

(Don't give a damn what you think)

I'm talking real people

Momma's on the front porch threading that needle
Daddy spent his life running from the church steeple
(Don't give a damn what you think)
I'm talking real people
(That's right) Yeah, we're living like we want
That means we've made it
When it runs through your soul
There's no way to fake it
Yeah, we're living like we want
That means we've made it
When it runs through your soul
There's no way to fake it The speakers in the back of Jimmy's 85 Regal
Smoke pouring out the window know it ain't legal
(Don't give a damn what you think)
I'm talking real people
Momma's on the front porch threading that needle
Daddy spent his life running from the church steeple
(Don't give a damn what you think)
I'm talking real people
(That's right)
