1969

The Vines

It's 1969 in my head
I just want to have no place to go
I'm Living through the sound of the dead
I'm gonna get stoned look round at my soul

I'm hearing voices in the trees
I', seeing footsteps in the rain
I just want to die before I lose my doll
I have been crying in my sleep
Cause I don't know where I've been
I just want to live to see another day

Hey hey hey hey

When I get my Buick six
I'll see my life drop in that whirlpool
If I get to see you again
You're the only one I know

Here we go
There I stand
I'm a seed
Of a man

Dare I go
Dare I stare
I'm a seed
Of a man
