Only With You

Captain Hollywood Project

Could it be that love is the answer why I feel so good, why I want to stay here with you, only with you
Could it be that love has more to give me than I thought was true,
But I just can feel it only with you, only with youYou should just chill
Search for the world until
That you are doing His will
Just keep teaching not to kill
And keep teaching not to steal
But we need to keep working
So just stay out of the dirt and
Away from all the jerks
So none of them can hurt usTake a look at what we're doing
Cause our earth is what we're ruin
Oh yeah it's a true and
If we take a look at mankind
Drugs are taking over their mind
Everybody is doing crime
You know that it's timeCould it be that love is the answer why I feel so good, why I want to stay here with you, only with you
Could it be that love has more to give me than I thought was true,
But I just can feel it only with you, only with youYou see a hole up in the sky
And we are asking why
So why don't we just stop it yo
And try to change the topic
Cause you ain't making profit
So don't you even bothering
Love is all what we are needing
Our Earth is bleeding
Hollywood is pleading
To anyone that's believing
Yes, we need to keep working
So that none of us get hurt and
It's time for us to get right
And forget the black and the white
Just keep love in sight - right?
Preaching every day and nightCould it be that love is the answer why I feel so good, why I want to stay here with you, only with you..
Could it be that love has more to give me than I thought was true,
But I just can feel it only with you, only with you..
