

Jesus Just Left Chicago

Phish

Jesus left Chicago
And he headed down to New Orleans
Jesus left Chicago
And he headed down to New Orleans
Hey hey
Workin' from one end to the other
And all points in between Took a drive through Mississippi
Muddy water turned to wine
Took a drive through Mississippi
Muddy water turned to wine
Hey hey
Went out to California
Through the points and through the pines You might not see him in person
But he'll see you just the same
Might not see him in person
But he'll see you just the same
Hey hey
Don't have to worry about nothin'
'Cause takin' care of business is His name Jesus left Chicago
And he headed down to New Orleans
Jesus left Chicago
And he headed down to New Orleans
Hey hey
Workin' from one end to the other
And all points in between Thanks everyone
This is a very cool room, I don't know how many of you
Were here last time, but it's good to be back
What's that?
Sounds good, Mike Sounds great, Mike
Thank you man! Thank you OK Mike?
He likes the way it sounds
I know
