

# Waves (Prosis Remix)

GAD

I Love the way, the way you move  
the way you walk inside the room..  
I Wanna mess with you tonight  
and see this life from different sides I Love the way, the way you are  
You always try to reach the Stars..  
I Wanna built a brand new world  
tomorrows just a useless word I Love you Just the way you are  
I Love you Just the way you are  
I Love you Just the Way you are I've had my days and now Im back  
And I am Yours with All my Heart  
So walk your man to come in now  
Im ready for the final round  
The runaways are rainy seas  
to stop this love by any means  
We had be waiting for so long  
the time has come...I cant wait more! I Love you Just the Way you are  
I Love you Just the Way you are  
I Love you Just the Way you are You're the One that I'm Waiting for  
your Waves I feel I know  
The One that I'm Waiting for  
your Waves I feel I know  
The One that I'm Waiting for I Love you Just the Way you are  
I Love you Just the Way you are  
I Love you Just the Way you are  
I Love you Just the Way you are Don't ever tell me Who You are  
Don't ever tell me Who You are
