

# First Time

## Jebediah

There's a first time, there's a first time  
There's a first time for everything,  
You don't have to be the old to board a sin.  
There's a last time I feel nothing,  
Until you die of course in which case there may be

But I'm holding onto the learning and the reading I've been doing,  
Of what awakes us on the other side

There's a first time for everything,  
So if you want it don't be shy come just jump in. You might find out if you do nothing  
And you'll regret it for as long as you're living.  
And I know that its not easy to believe in what I'm saying  
And if we're gonna make up, we just gotta try

Went on a losing streak day, will everything wind up okay?  
This could be the end of the love, or this could be just like the first time.  
I've been a fool for so long.  
Can something so right be so wrong?  
This could be the end of the love  
Lets make it just like the first time  
Oh just like our first time

Went on a losing streak day, will everything wind up okay?  
This could be the end of the love, or this could be just like the first time.  
I've been a fool for so long  
Can something so right be so wrong?  
This could be the end of the love  
Lets make it just like the first time

Oh its not easy to believe me god knows I agree.  
To the point that I can't even believe in myself, believe in myself  
But if you do I will, yeah if you do I will  
But if you do I will, yeah if you do I will  
But if you  
Yeah if you  
It'll be your first time  
It'll be your first time  
It'll be your first time  
It'll be your first time
