

Motorway

Harper Lee

Foreign names, neon lights
Changing lanes in my mind
Passing towns we don't know
 Heading for the unknown
 All our friends, left behind
They're not even on my mind
They have lives, they have plans
They could never understand
 Meet me on the motorway
Together we could make our great escape
 Meet me on the motorway
Maybe we can find our perfect place
 We can drive away
 We can drive away
 Meet me on the motorway
 It's just me and you
 It's just me and you
Getting late, coffee's cold
 Heavy eyes on the road
We won't stop, no we won't break
 Shadows high, overtake
And the small town, we left behind
 We won't drown, we won't hide
 A new life, a new plan
 They would never understand

 Meet me on the motorway
Together we could make our great escape
 Meet me on the motorway
Maybe we can find our perfect place
 We can drive away
 We can drive away
 Meet me on the motorway
 It's just me and you
 It's just me and you
We won't look back, so don't look back
We won't look back, so don't look back
We won't look back, so don't look back
We won't look back, so don't look back

We won't look back, so don't look back
We won't look back
Meet me on the motorway
Together we could make our great escape
Meet me on the motorway
Maybe we can find our perfect place
We can drive away
We can drive away
Meet me on the motorway
It's just me and you
It's just me and you
