

Stay Up (feat. Bad Lucc & Manolo Rose)

Problem

(Hook)

The G. 5 got a lot of fuel

Yeah but we flash fuck

But that's the way you stay up, that's the way you stay up

Good money, good weed

That's the way you stay up

Good niggas, real bitches

That's the way you stay up(Post Hook)

Yeah x 4

We just try to stay up

Yeah x 4

We just try to stay up

Hear, yeah, yeah, yeah, yeah

We just try to stay up x 2

The G. 5 got a lot of fuel

That's the way you stay up(Verse)

Real niggas, real bitches

That's the way you stay up

[Yeah x 4

We just try to stay up] x 2

Good money, pussy, weed

That's the way you stay up

Stay with the bully niggas

That's the way you stay up

Yeah x 4

We just try to stay up

Smokin' weed out of bags

That's the way I stay up

22 pound of cash

Do the micro waiter

Still move like a street nigga with my same street nigga

That Jack son beat my chick niggas

QP OG flip leakers hustle(Hook) + (Post Hook)

(Verse)

Brakin' bread on my niggas

See that's how we stay up

You see boy, we the killers

And that's why we stay up

Trap house on that hand stand

Come on and show, I'm the bad man
Lay it down with some bitches
Cuz that's how we lay up
Dollar checkin' out high
Boy I got fight, put it by the leash and turn it to the sky
A man to the ballen and you can see why
