Mirel Wagner

Well, speaking of a heartache, he were hiding in plain sight
Laughing the loudest but your smile don't reach your eyes
Come home, come home now
You know that's where you want to be
And time will bring you to your knees
Waiting is a long time, not all for you to die
You're laughing the loudest but your smile don't reach your eyes
Come home, come home now
You know it won't be long
To grin against this senseless moods?
