

# Still Here

## Big Wreck

So while they satisfy  
Their want to ink a deal  
A world of status  
Finds a home, oh no  
With all the stories  
New and old  
We're thinking  
This is all a dream  
But as we woke we found a Jones  
Where you been? Well, the higher I go  
There are more rules to follow  
What the hell am I doing here?  
Yeah, while I thought  
It's always the way  
You're going to be found  
But I'm still here  
Still here  
Oh When they said all aboard  
We hoped that this was real  
He'll punch your ticket  
What's your mode  
Of travel They told me stories  
New and old  
And told me I belong  
We traveled further  
Down the tracks, alone But, the higher I go  
There are more rules to follow  
What the hell am I doing here? Yeah, while I fall  
I notice the way you're  
Nowhere to be found  
But I'm still here  
I'm still here  
You're nowhere to be found  
I'm still here  
You're nowhere to be found So while they satisfy their want  
You're signing on the dotted line  
Word to the wise  
You'll never see  
What you're trying' to find But, the higher I go

There are more rules to follow  
What the hell am I doing here? Yeah, while I thought  
I'd notice the way  
You're nowhere to be found  
But I'm still here  
I'm still here  
You're nowhere to be found  
I'm still here  
You're nowhere to be found
