

Shine On Me (feat. Jussie Smollett)

Empire Cast

As merciless the crime, sometimes we turn the grind

But the sun will always shine, yeah

As merciless the crime, sometimes we turn to cry
But the sun will always shine, yeah Oh, father, father

Can you hear?

Can you hear your children crying?

Can you see their tears?

To feed the ones you hold so dear,

Somebody dying in all history

Story of my life, right

Look at me, really look at me

heart of a champion

Eyes that I have seen

Murder on my street

Death on my block

Cops that be more

Criminal than cop

Daddy a king pimp,

Mama a hustler

What am I gonna be?

Who is up to?

Me, just me, doing it my way

Till I see sun rays

The sun will always shine, sun will always shine

Sun will always shine on me

So we don't let this crime

Take good care of where

The sun will always shine on me

Shine on me I said, one shot, two shot, three shot, four

Daddy, I can't take no more

I'm sick of watching windows before I walk out the door

I noticed that's what I'm here for it's a brighter day

These bars sit with the Lord, he know my story

I'ma tell it all and live large before i'm forty

Frank Gathers, this your daughter, everybody know it

???

The impact I did that, I'ma take this and sit back

And watch the chips stack, you dig that?

We started from the bottom, you gotta know the sun is always shining The sun will always shine, sun will

always shine
Sun will always shine on me
So even if its crime
Take good care of where
The sun will always shine on me
Shine on me
