Running Through My Head

Casey Donahew Band

Yea though I walk through the strip mall
In chains of iron
Thrown to the lions, hunted by sirens.Can't you hear them screamin' like so many demons
Gimme something to believe in. Step on out of the mist.
Your hair fallin' red all down your breastsAnd you've been runnin' through my head.
You've been runnin' through my head.And I remember how you said
Said, "Come drop by anytime.
"And we can grow wings, weave a heart out of strings
"Even learn how to sing like we love someone
"And they'll leave us alone, leave us for dead."
That's what you said.And it's been running through my head.
You've been running through my head.
You've been running through my head.You've been running through my head.etc.
