Someday, Right Now

Mustard Plug

If I could
You know I would
And I probably should
Since the first day that I met you
'Wanted to speak my mind, at least, you know I meant to.
Good intentions, getting me nowhere
Somehow got to find my way to tell you now.....
You don't know how much you mean to me
And my life can't be the same
But my hesitancy stands ten stories tall
I've got to find a way, to tell you now....
Someday....Right Now....Someday....No use fighting, what I'm thinking
Sometimes saying nothing's, worse that lying
Gotta swallow, (my) reservations
Now's the time to spit out every word I say.....
Someday....Right Now....
