Timing

ê±¸ìŠ¤ë•°ì•´

there's something that's been on my mind
that's why i've wasted all my time
being with a selfish girl like you
there's something that i've gotta say
that's why i can't go on this way
being hung up over you'cause i don't want to be the one
you come to when you're crying on the phone
and i don't want to be the one
you come to when you're crying all alonebecause i don't think that you realize
that what we have is gone and it will
take to long for us to get it back
i don't think that you understand
we won't get back together 'cause
our timing could have never been so bad
been so badthere's something that's been on my mind
that's why i've wasted all my time
staying up all night thinking of you
there's something that i've gotta say
that's why i can't go on this way
wondering what happened to our love'cause i don't want to be the one
you come to when you've found another guy
and i don't want to be the one
you come to when you want to say goodbyebecause i don't think that you realize
that what we have is gone and it will
take to long for us to get it back
i don't think that you understand
we won't get back together 'cause
our timing could have never been so bad
been so badnow its time for me to get on with my life
because our timing could have never been so bad
