

Kiss the World

Catlow

Catlow - Kiss The World I am the one I am the one let's make it to the disco

Let's make it to the rock show

Let's make it till the sun goes down. Let's have some fun

Let's have some fun

Let's drive into the shadows

Let's go where no one else goes

Let's rock it to the left the right the left the right... I am the one I am the one

We'll make it to the disco, oh we'll make it to the rock show, or make it till the sun goes down. Let's have some fun

Let's have some fun

Let's drive into the shadows

Let's go where no one else goes

Let's rock it to the left the right the left the right... I am the one I am the one I am the one I am the one
