

# Look My Way

## Britny Fox

With the lightening comes a time  
And I know, Lord, I know  
I see the changes come in you, baby  
And I know, Lord, I knowJust want to give it back  
All I took from you  
I got a lot  
To see it throughWhen you look my way  
I'm livin' higher than my yesterday  
When you look my way  
I see the love that's comin' back to meOnce you feel you got a part  
You gotta go, you gotta go  
Did you ever see a smile?  
Kicks it off and it takes you homeLookin' back on all the pain  
I put you through  
I'd die a thousand times  
To make it up to youTake apart the feelings in your way  
Move along you'll live for everyday  
New tomorrow's comin' all for you  
Don't let the past rule if you win or lose
