## The Boxmasters

I've known for a long time the kind of girl you are
And a smile that covers teardrops the way your head yields to your heart
Of things you've kept inside that most girls couldn't bear
Well I've known you for a long time but I've just begun to careYes I've known of all the heartaches and I've known of all the pain
I've seen you when the sun shines and I've seen you when it rains
I've seen you make a look of love from just an icy stare
Well I've known you for a long time but I've just begun to careI know I've been blind
To not have loved you all this time
To not have loved you all this time
But the image of you wasn't clear
I guess I've been standing too nearIt's taken me a while but I have finally found
What you are to me and that's what really counts
And what you are to me is something we can share
Well I've known you for a long time but I've just begun to care
Yes I've known you for a long time but I've just begun to care
