Moon Sugar

Night Beds

If you ever could need me
You know where to find me
Nose in the funny business
All that you've done for Moon Sugar
Knowing that you dove for Moon Sugar
Moon Sugar
I left you at the store
Left you at the door
You can always say, this is out of [?]
Howling at your door
Heaving on your floor, give me Moon Sugar
Moon Sugar
The last time
Last night
Last night in your cityThere's a man at war with himself
There's a man with a war that he runs the whole night through
I've got your dusty blue pillow
I've got your dusty blue dress
Pleasure
Pleasure of the dream you had
Can't remember pleasure
The worst dream you've ever had
You can't remember
Fire in your hand
The night that you came
I asked you to stay
But you went all the way
Way out west to LA
The night that you came
I asked you stay
Get in the car and scream
Get in the car
