

# Serpentine Fire

## Earth, Wind And Fire

When I see your face like the morning sun you spark me to shine  
Tell all the world, my need is fulfilled and that's a new design  
As long as you're near, there is no fear of a victory  
But when I'm away, influences stray my mind to disagree  
I wanna see your face in the morning sun ignite my energy  
The cause and effect of you has brought new meaning in my life to me  
Gonna tell a story morning glory all about the serpentine fire  
Gonna tell a story morning glory all about the serpentine fire  
Oh yeah, oh yeah, oh yeah  
Oh yeah, oh yeah, oh yeah  
I need to see your face like the morning sun ignite my energy  
The cause and effect of you has brought new meaning in my life to me  
The moments I find when I'm inclined to do my best  
Negative wins when I give in and then I lose the test  
Gonna tell a story morning glory all about the serpentine fire  
Surely as life begun, you will as one battle with the serpentine fire  
Oh yeah, oh yeah, oh yeah  
Surely as life begun, you will as one battle with the serpentine fire  
Surely as life begun, you will as one battle with the serpentine fire  
Gonna tell a story morning glory all about the serpentine fire  
Gonna tell a story morning glory all about the serpentine fire
