

# Greed

## Ice Cube

With power, comes money  
With money, comes greed  
Now, if the greenbacks don't stack large on my side of the yard  
I ain't fuckin' with it, this cake has got to be all icing, baby  
Now I know, I'm taking the biggest piece but goddamn, I'm the biggest fish  
With the biggest mouth, bitch, you wanna be rich right?  
Well, stick with me, do as I does and be as I be  
We be stackin' chips, packin' clips, mackin' chicks  
Laugh at tits, slappin' dick in yo' bitch  
Makin' hoes, take these clothes, from these sto's  
Walkin' slow, there go the po', now here we go  
Parking lot to the spot, Marriott  
'Cause what I got to make a knot, is very hot  
Who's at the do'?, Go and check, I got the Tec  
Tell him that you soakin' wet until he jet  
Now lift up your fuckin' dress, where's the rest?  
Bitch can hide a treasure chest in her breasts  
Uh huh strip search, whip skirts  
Uh huh shit hurts, but it works, bitch  
You can jerk niggaz but you can't jerk me  
Hoe, I only tell you once that this dick ain't free  
I'm talkin' greed  
Greed, give me everything that I need  
How you gon' deal with the niggaz that I feed?  
Greed, give me everything that I need  
How you gon' deal with the niggaz that I feed?  
We smokin' weed, you and me  
Lookin' for that currency  
We smokin' weed, you and me  
Lookin' for that currency  
Now bitch, niggaz don't mean shit from where I sit  
Magnificent blow your back out if you act out  
Eighteen deep when the plane soar  
The bitch threw her tits, asked my click who we play fo'  
Penetrate the clouds, loud and obnoxious  
Surround the airport with feds and helicopters  
Escorted, detained and deported  
Scared of the lyrics and when they bitches hear us  
We the clearest, you can fear us  
Smile on the day of your disappearance, smoke in mirrors  
Break 'em all, pull over and jump out  
'Cause I can take 'em all, all bustas shake 'em all  
I'm at the mall, buyin' shit like hot dog on a stick  
These bitches all on the dick  
Ice Cube ain't a lick make me bleed  
And now you got to deal with the niggaz that I feed, greed  
Uhh uhh uhh, give me more  
Give me more greed, greed  
When you get your hands on it, wanna fawn it  
Wanna dance on it, everybody want it  
When you get your hands on it, wanna fawn it  
Wanna dance on it, everybody want it  
You punks is petty, still we steady, countin' fetti

I'm the one closin' escrow, with the best flow  
Do you wear a vest? No  
Niggaz hit me I'ma turn into The Crow  
And take a shit on everything counterfeit, the Don Mega  
Blade Runner in a beige Hummer all summer  
It'd take about twelve honkeys to convict  
The nigga makin' you sick ask the 12 Monkeys  
Up in Detroit holdin' Weed court, all through the South  
Picked up a ounce in Shreveport  
My lead give head tunnels  
To any motherfucker disgruntled exit wound, look like a funnel  
Worldwide, international jet set  
My niggaz love fuckin' bitches that they just met  
Get it wet and you can do anything  
When I'm in Paris, niggaz, french-kiss the pinky ring  
Greed, give me everything that I need  
How you gon' deal with the niggaz that I feed?  
Greed, give me everything that I need  
How you gon' deal with the niggaz that I feed?  
We smokin' weed, you and me  
Lookin' for that currency  
We smokin' weed, you and me  
Lookin' for that currency  
Yeah, Ice Cube, trillionaire, I own a mansion and a yacht  
We do it like it should be does  
Yeah, Westside niggaz is very greedy, uhh
