Some Type Of Way

Marsha Ambrosius

Ooh
Feel some type of way
Yeah
Ooh
Feel some type of way yeah yeah
Oh oh oh
Feels some type of way
Yeah
She isn't the way
[Verse 1]It's getting to me now
The tensions getting worse
We're unable to face the consequences we deserve
Cause you made up your mind
You left the club with her
And I told you it was cool for you to see some other girls
But now my eyes are green
They been that way since birth
But jealousy and envy that I feel just makes them worse
And I promise myself to always keep it cool
But I woke up this morning and I wasn't laying here next to you
[Chorus]I feel some type of way yeah
(Way about it)
I feel some type of way about it
You only love me when you wanna get some
(Wanna get some)
I feel some type of way about it
We've been playing these same games for too long
(Games for too long)
I feel some type of way about it
I'm getting tired of sharing you with her

(Sharing you with her)
This whole share is in the way
I feel some type of way
[Verse 2]You got to do your thing
I knew it from the start
I gave you your space
You went away
And now we're apart

Cause you don't wanna commit
You said you wasn't with it
But got mad when I ain't got back
Cause I was fucking one of your friends
And now your going crazy
Hollering and getting breaking shit
Including my heart
I thought I was getting ready to make it
And I promise myself to always keep it cool
But I woke up this morning and I wasn't laying here next to you
[Chorus]I feel some type of way yeah
(About it)
I feel some type of way about it (babe)
You only love me when you wanna get some
(Wanna get some)
I feel some type of way about it
We've been playing these same games for too long
(Games too long)
I feel some type of way about it
I'm getting tired of sharing you with her
(You with her)
This whole share is in the way
I feel some type of way
