Find Your Way Back

Starship

You know it's been a long, long road
Since I packed up and left on my own
And I carry a heavy load
Just tryin' to get back to her heartI sure ain't got no home
I seem to find love where I ramble
When it's time to go
I hear that voice again, sayin'Find your way back
Find your way back to her heart
Find your way back
Find your way back to her heartLeave a message with the rain
You can find me where the wind blows
The snow across the pain
And the frost upon the heartYou got no place to be
Still you wonder where you're goin'
Why I had to leave
I hear a voice and it said to meFind your way back
Find your way back to her heart
Find your way back
Find your way back to her heartTo her heart, come onI know it's too late now
But, I wish I could go back in time
And start all over somehow
And get it right from the startFind your way back
Find your way back to her heart
Find your way back
Find your way back to her heartFind your way back
Find your way back
Find your way back
Find your way backFind your way back
Find your way back
Find your way back
Find your way back
