

It's So Easy

Carlos Bertonatti

Curiosity killed the cat
And I'm hoping that I don't end up just like that
Decisions, decisions, decisions
In the month of May
But I'm looking at you and I know it's gonna be OK 'Cause it's so easy to fall in love with you
It's so easy to understand why the sky is blue
Every time I hold your hand
And I need to comprehend
This intricate, intricate mess we made
Oh why, whoa why
Is it so easy One step forward, two steps back again
It's like a merry go round that's spinning in my head
I wish I could, wish I could tell you
Why the grass is green
And why your lips taste like jellybeans 'Cause it's so easy to fall in love with you
It's so easy to understand why the sky is blue
Every time I hold your hand
And I need to comprehend
This intricate, intricate mess we made
Oh why, whoa why
Is it so easy History repeats itself once in awhile
Looking two times with a coke and a smile
We can ride around and talk for miles
You make me remember that I'm still alive 'Cause it's so easy to fall in love with you
It's so easy to understand why the sky is blue
Every time I hold your hand
And I need to comprehend
This intricate, intricate mess we made
Oh why, whoa why
Is it so easy One more time now 'Cause it's so easy to fall in love with you
It's so easy to understand why the sky is blue
Every time I hold your hand
And I need to comprehend
This intricate, intricate mess we made
Oh why, whoa why
Is it so easy It's so easy to fall in love with you
