

# Lazy Days, Crazy Nights

Tesla

I'm feelin' so much better.  
But not quite feelin' fine.  
Now, I've got to get my shit together,  
Still. Little bit closer to the line. But I love those lazy days and crazy nights.  
It's my way, it's my life.  
I love those lazy days and crazy nights.  
I'm doin' fine right here on borrowed time. Needless for you to worry,  
No use in losin' sleep.  
Now, I really do appreciate it.  
For all your concern for me. But I love those lazy days and crazy nights.  
It's my way, it's my life.  
I love those lazy days and crazy nights.  
I'm doin' fine right here on borrowed time. Ridin' through stormy weather.  
So high I can't look down.  
Still I've got to get it together  
'Cause I'm lost in the lost in found. But I love those lazy days and crazy nights.  
It's my way, it's my life.  
I love those lazy days and crazy nights.  
I love those lazy days and crazy nights.  
Lazy days and crazy nights.  
Give it to me. Lazy days and crazy nights.  
Can't do without those lazy days and crazy nights.  
Now, I'm doin' fine right here on borrowed t-t-t-time.
