

Here We Come

Mondo Generator

Here we come
We're coming to get ya
Here we come
Oh rightHow dare you contradict me
Why you contradicting me?
Don't think that I'm losing friction
I move inaudiblyHere we come
We're coming to get ya
Here we come
Oh rightEleven to one dome top pistions
Massive racing track four on the floor
I got pazzzy rear traction
Real fast man for my satisfactionHere we come
We're coming to get ya
Here we come
Oh right
