

Touch Me (feat. Stephanie Barber)

Soundgarden

In the night
In the city
Alone in my room
Ooh wall to wallTouch me, yeah can you feel it?
Touch me, it feels good
Touch me, yeah I can feel it
Touch meCouldn't get to sleep in my room last night
Somethin' isn't quite the same
Just as I was reaching for the nearest light
I heard somebody calling my name
Touch me, yeah can you feel it?
Touch me, it feels good
Touch me, yeah I can feel it
Touch meOh yeah
All right nowShivers down my backbone 'cause my man is back
And my pulse began to race
Oh when she layed beside me everything went black
'Cause I've seen the strangest thingsTouch me, yeah can you feel it?
Touch me, yeah it feels good
Touch me, yeah I can feel it
Touch me
Touch me, yeah can you feel it?
Touch me, it feels good
Touch me, yeah I can feel it
Touch me
