Weird

Scout The Wise

Where do you go,
Where do you go,
When you're alone,
When you're alone,
And do you ever think of me?

What do you do,
What do you do,
When you feel blue,
When you feel blue,
And do you ever think of me?

Is that weird,
Is that a weird thing to ask?
I don't know,
I guess I'm always in the past,
I don't know.

What have you found,
what have you found,
it's been awhile since you've been in town,
And do you ever think of me?

Oh have you changed,
Oh have you changed,
Has your whole life been rearranged,
And do you ever think of me?

Is that weird,
Is that a weird thing to ask?
I don't know,
I guess I'm always in the past.

Is that weird,
Is that a weird thing to ask?
I don't know,
I guess I'm always in the past.
I don't know.
