

# No You Didn't, No You Don't

## The Courteeners

So just because I use salty phrases and I go through stages  
Where I neglect endeavor does it mean I'm not clever?  
No I don't think so Just because my newspaper pages  
Haven't been The Times in ages  
Does this mean that I don't no as much as you?  
Jealousy will destroy us or so she used to say  
You'd kill for half the things we do including yesterday But I suppose you know because your went to school  
with me  
You sit in ya garage and you'd see  
All the things we do don't you! no you didn't and no you don't  
No you didn't and no you don't. no you don't! Do you remeber us lot doing keys  
In the back of the garage at 243?  
That was us and no one else  
Lend Luke a jumper off the shelf  
Do you remeber us lot doing keys  
In the back of the garage where no one sees  
That was us, no one else another Jaeger off the shelf So I suppose you know because your went to school with me  
Sit in ya garage and you'd see  
All the things we do don't you! no you didn't and no you don't  
No you didn't and no you don't. no you don't! Always be people lookin down there noses  
I don't care I'm comin up smelling of roses But I suppose you know because your went to school with me  
Sit in ya garage and you'd see  
All the things we do don't you! no you didn't and no you don't  
No you didn't and no you don't. no you don't! no ya don't
