

Brighter! (feat. Karen Black)

Cass McCombs

Brighter, Venus
Brighter, star
Brighter, genius
Brighter, guitarBrighter, candle
Brighter, flame
Brighter, scandal
Brighter, infameI stopped in for a little while
And warmed up to the thought
I wandered off a little while
Expecting to be caughtBrighter, goddess
Brighter, hate
Brighten and bless
Curse nature and fate
Brighter, criminal
I hope you escape
Brighter, mineral
IlluminateI stopped in for a little while
And learned a host of sins
I wandered off a little while
Because you can't never winAll eyes move to thee
All eyes aren't born free
All eyes want to see
Incinerate me, angel!Brighter, Albert
Brighter, Mark
Brighter, Katherine
Brighter, Clarke
Brighter, Katie
Brighter, Joe
Brighter, Aaron
The fire aglowI stopped in for a little while
And threw in the evidence
I wandered off a little while
Resequencing events
