

Suddenly (BT Radio Edit)

BT

You..
and your emotion..
I'm on your side
I say a prayer
And you..
and you're devotion
You're locked away..
Alone in there And I love it when you fall..
And I love it when you fall..
And I love it when you fall..
to me
Suddenly You..
and your emotion
I'm on your side
I say a prayer
And you..
and you're devotion
You're locked away
Alone in there 'Cause I don't want you to feel forgotten
And only you can choose your fate
Remember that all will pay the cost here
*And there's no space to place the blame And I love it when you fall..
to me
Suddenly
And I love it when you fall..
to me
Suddenly You, as your addiction
Inside your veins
Its left a track
For you
it's taken over
You run away
but truth comes back 'Cause I don't want you to feel forgotten
And I don't want you to fall away
But you know there's something I've forgotten
And no time left for fault or blame And I love it when you fall..
to me
Suddenly
And I love it when you fall..

to me
SuddenlyCause you and me we're gonna be special
You and me we're gonna be specialAnd I love it when you fall..

to me
Suddenly
And I love it when you fall..
to me
SuddenlyAnd I love it when you fall..
And I love it when you fall..
And I love it when you fall..

to me
Suddenly
And I love it when you fall..

to me
Suddenly
And I love it when you fall..

to me
Suddenly
And I love it when you fall..
And I love it when you fall..
And I love it when you fall..

..to me...
..Suddenly..me
I love It when you fall
I love it when you fall

fall
--stutter--
I love it when you fall
fall
to me

...
suddenlyI love it when you fall
to me suddenly
I love it when you fall
to me suddenly
I love it when you fall
SuddenlyLove it when you fall
To me
Love it when you fall
to me
