

Leaving Me Helpless

The Blood Divine

Feeling beneath the umbra's cold stare
I'm enchanted as fate brings me your warmth
That leaves me helpless You leave me helpless
Helplessly entranced When our eyes meet
I feel you draining me of fear
Then as in one final heartfelt kiss
Under a fading light
Enchanted, you leave me You leave me helpless
Helplessly entranced I'm helplessly entranced
And filled with hopes of joy
The joy of union and harmony forever
Harmony forever All hopes and dreams vanish away
Fears of tomorrow, they vanish away
