English

-

I canâ€™t believe it
When Mon Tues Wed Thurs Fri Sat Sun
were all passing like water flowing
My eyes stopped at you
and then time stopped

Your dazzling image has shaken up my heart
(I found a love, I found a love, I found a love)
Anything thatâ€™s not you seems vague
(I fell in love, I fell in love with you)

Stop baby I know you want it too
You know I canâ€™t go on without you, my love
(This love is true I just wanna be with you
Take my hand so I can feel more of you)

Can you feel feel feel my love
I am free when Iâ€™m in you
When Iâ€™m looking at you (Iâ€™m flying, flying, flying)
All worries go away
I can forget the painful memories
of the past because of you
Always be by my side, forever together,

Donâ€™t let go of my hand

I canâ€™t believe it
When Mon Tues Wed Thurs Fri Sat Sun
were all passing like water flowing
The moment you touched me,
my heart started to beat again

Please baby I canâ€™t live without you
You know I canâ€™t go on without you, my love
(This love is true I just wanna be with you
Take my hand so I can feel more of you)

Can you feel feel feel my love
I am free when Iâ€™m in you
When Iâ€™m looking at you (Iâ€™m flying, flying, flying)
All worries go away
I can forget the painful memories
of the past because of you
Always be by my side, forever together,
Donâ€™t let go of my hand

Can you feel feel feel my love
I am free when Iâ€™m in you
When Iâ€™m looking at you (Flying Flying)
All worries go away
I can forget the painful memories
of the past because of you
Always be by my side, forever together,
Donâ€™t let go of my hand
