Carry You

All

Once upon a time i thought i couldn't liv without you fifteen years gone, i've come a long way without you and if we ever meet again i got a piece of you my friend i carry you with me we've come a long way from Buckhorn and Top Ramen I see you now, we've got nothing in common i carry you with me But I remember every fight every crazy naked night to every unfamiliar skyline that i see i carry ou with me i carry you with me you're there enshrined in memory where friendship never dies every moring D.O.A. every evening every day that well never get to say so much left unsaid 'Cause high skool drop outs dont go to reunions whats the point? im under no delusions do you carry me the way I wonder wherever you are today i carry you with me? i carry you with me
