

Zone Zero

Vision of Disorder

Litigation got me thinking
In the window all these letters
This will be your own catastrophe
As you wait zone zero I don't care what you think
I don't care what you say
I don't care about them
I don't care any I don't care what you think
I don't care what you say
I don't care about them
I don't care anything No hope for alliance
No hope for sadness
No chance for forgiveness
Nothing but your misery Nothing you can do
As it melts and grinds you
Inside pain you spent
In the misery Sometimes it will tell
Where you've been and what I've seen
What I've found as I lay
In your ground by your side Execution
Mass pollution
My solution
Kill the humans Los Angeles
Engrossed in flame
Los Angeles
Engrossed in flame I don't care what you think
I don't care what you say
I don't care about them
I don't care any Lost in time in your mind
Nothing's left, they all died I don't care what you think
I don't care what you say
I don't care about them
I don't care anything Generation caught beneath
All these guns out of reach
Where were all your profits
During the atomic showers, shower of flesh? Ashes, ashes, ashes
Kiss it goodbye
Kiss it goodbye
[Incomprehensible]
