

# Angels

## Desert Noises

Play, Twenty-seven ways  
To get outta town today  
Fool around, how may  
Got my shoulders straight anyway You make that hopeless feeling okay  
I feel the weight of the world unchain Told, to be a certain way  
To be alive is dying for change  
You're alright, I lay  
Got your shoulders straight anyway You make that hopeless feeling okay  
I feel the weight of the world unchain  
I could scream for angels, only catch the side of a ray  
We could talk about it anyway
