

Run

Cog

I want you...I gotta run, gotta run, gotta run today,
I gotta run, gotta run, gotta head along.
x4I want you, I want you.(I gotta run, gotta run, gotta run today,
I gotta run, gotta run, gotta head along.)
It's not like it's easy,
it weighs heavy on a heart today.
I'm over these feelings.
Adrift, sinking as I sail away.Who cares about meanings?
This thing, you and me in every day.
Im over these feelings so
I am adrift, carrying my heart away.I want you, I want you.
I gotta run.It's not like it's easy,
it weighs heavy on a heart today.
I'm over these feelings so
I am adrift, carrying my heart away.It's not like it's easy,
it weighs heavy on a heart today.
I'm over these feelings,
Adrift sinking as I sail away.Who cares about meanings?
This thing, you and me in every day.
Im over these feelings so
I am adrift, carrying my heart away.I gotta run, gotta run, gotta run today,
I gotta run, gotta run, gotta head along.
(Sinking as I sail away.
Carrying my heart away,
sinking as I sail away.)
I gotta run, gotta run, gotta run today,
I gotta run, gotta run, gotta head along.
