Road Rage

Catatonia

If all you've got to do today is find peace of mind

Come round you can take a piece of mine

And if all you've got to do today is hesitate

Come here, you can leave it late with meYou could be taking it easy on yourself

You should be making it easy on yourself'Cause you and I know it's all over the front page

You give me road rage racing through the best days

It's up to you boy you're driving me crazy

Thinking you may be losing your mindIf all you've got to prove today is your innocence

Calm down, you're as guilty as can be

If all you've got to lose alludes to yesterday

Yesterday's through, now do anything you please You could be taking it easy on yourself

You should be making it easy on yourself'Cause you and I know it's all over the front page

You give me road rage racing through the best days

It's up to you boy you're driving me crazy

Thinking you may be losing your mind, you're losing your mindYou, you've been racing through the best days

You, you've been racing through the best daysSpace age, road rage, fast lane

And if all you've got to do today is find peace of mind

Come here, you can take a piece of mine

You could be taking it easy on yourself

You should be making it easy on yourself'Cause you and I know, it's all over the front page

You give me road rage racing through the best days

It's up to you boy you're driving me crazy

Thinking you may be losing your mindBut you and I know, we all live in the space age

Coming down with road rage, racing through the best days

It's up to you boy you're driving me crazy

Thinking you may be losing your mindIt's not over, it's not over, it's not over

It's not over, it's not over, it's not overYou and I know we all live in the space age

You give me road rage, racing to the best days

It's up to you boy you're driving me crazy

Thinking you may be losing your mind, losing your mindLosing your mind, you're losing your mind

Losing your mind, you're losing your mind

Losing your mind, you're losing your mind

Losing your mind, you're losing your mind
