

# Can't Find My Way (Demo)

Phil Collins

I've been doing some thinking, here on my own  
It's been on my mind  
This debt I owe to you  
I have to repay in kind But I can't find my way  
Can't find my way  
Can't seem to find my way  
Can't find my way Tired and weary, I follow the path  
Leads to your door  
But it occurred to me, all that I have  
Is already yours But I can't find my way  
No, I can't find my way  
I can't find my way  
Can't find my way Oh, just to sit a while  
Oh, just to sit and watch you smile But I can't find my way  
No, I can't find my way  
Can't find my way Keep the faith you say  
To keep the faith I pray, oh  
To be strong you say  
Just follow the light Wheels keep turning but the closer I get  
The farther I seem  
Peace will only come  
Finding the peace within But, but I can't find my way  
No, I can't find my way  
I can't find my way  
Can't find my way, the way
