

# Inevitable End

## Asclaeus

I've heard the warning  
So far away  
Blood drunk like water  
Now no more rain  
Who's waiting for me  
Now lost my friends  
No one will ever  
Miss me and my world To blind to realize  
Your gain is my demise  
Infection's the reason why  
Soon I'm gonna die  
Nothing but shattered hopes  
Can't work up the deadly truth  
Suppressing my ruthless need  
To give in the life of greed God help me Harsh words are spoken  
By those who deny  
Harsh words are spoken  
Lies, always lies  
Their drugs will cover  
My soul forever  
Their words will always  
Be heard in my grave Grave  
So take me away  
I'm finished with life  
Ready to die
