

# Watchin' Girl

## Shonen Knife

Riding on the train  
Everyone is closing their eyes  
They can't see anything  
Pretending that they are asleep  
Watchin' girl  
Watchin' girl  
Think about it sometimes  
Do we need the media?  
I don't need it anymore  
My body is so alive  
I can feel everything  
So I don't need anything else  
Watchin' girl  
Watchin' girl  
Hey now  
Everybody open your eyes  
Hey now  
Everybody look outside  
Watchin' girl  
Watchin' girl
