

Thief In The Night

Craig David

You were the one
'Cause see me and you
We got something strong
But even I can tell
When something's going on
You see my bestfriend and you
Ain't being straight
You two been hanging out
While I been working late
And last night when we all went out to the club
Like it wasn't enough
You and him flirting and stuff, no
That's when he took you aside
His hands all up on your thighs, baby
I see everything clearer now
When I was gonna trip the alarm
Girl, I can see through his charm
So I know when I'm out making dough
He be calling you on the low
Things you don't expect from a friend
And that's what I don't understand
'Cause you know what's up
But he let me down
Nigga steal the keys to my range
Credit cards and even my name
But when it comes to you, girl, it ain't the same
'Cause it causes way too much pain
Thought he could keep it all out of sight
He was like a thief in the night
'Cause you know what's up
But he let me down
I had enough and now you've forced me
To get a few things off my mind
'Cause I can see right through your crying, girl
You must think that I'm blind, ohh
And even know I don't want to
I just can't ignore the signs
And if you knew how much it hurts me
You wouldn't try to waste my time

Girl, that's when you said
(Of course I love you)
I don't believe
(There's no one but you)
Mmm, 'cause I know that you've used those words, girl
A million times before
When I was gonna trip the alarm
Girl, now I can see through his charm
So I know when I'm out making dough
He be calling you on the low
Things you don't expect from a friend
And that's what I don't understand
'Cause you know what's up
But he let me down
Nigga steal the keys to my range
Credit cards and even my name
But when it comes to you, girl, it ain't the same
'Cause it causes way too much pain
Thought he could keep it all out of sight
He was like a thief in the night
'Cause you know what's up
But he let me down
Now I don't know what I'm gonna do, oh yeah
Never dealt with something quite like this before in my life, no no
Now it weren't suppose to be this way, you both disappointed me
Knew that something was wrong
But it took me so long to see, oh girl
Oh yeah
When I was gonna trip the alarm
Girl, now I can see through his charm
So I know when I'm out making dough
He be calling you on the low
Things you don't expect from a friend
And that's why I don't understand
'Cause you know what's up
But he let me down
Nigga steal the keys to my range
Credit cards and even my name
But when it comes to you, girl, it ain't the same
'Cause it causes way too much pain
Thought he could keep it all out of sight
He was like a thief in the night
'Cause you know what's up
But he let me down
When I was gonna trip the alarm

Girl, now I can see through his charm
So I know when I'm out making dough
He be calling you on the low
Things you don't expect from a friend
And that's why I don't understand
'Cause you know what's up
But he let me down
Nigga steal the keys to my range
Credit cards and even my name
But when it comes to you, girl, it ain't the same
'Cause it causes way too much pain
Thought he could keep it all out of sight
He was like a thief in the night
'Cause you know what's up
But he let me down, oh yeah
You know what's up
But he let me down, girlfriend
Whoa, yeah, no no no
You know what's up
But he let me down, no
