Ooh brother Ooh it's funny How good you are I'll knock you down Brother, please Go tell who you Want to Under the rocks Down by the beach No, I'm not, not where you Want meOoh brother It's how good you areOoh brother It's how good you areI'll knock you down Brother, please Go tell who you Want to I see the snake Down by my feet Walk on just you Watch meI'll knock you down Brother, please Go tell who you Want toBehind my back And the love beneath Whispered into nothing
