

# Lifted

## Birdy

[Intro]

Closing

Keep my eyes from closing

Keep my eyes from closing

Keep my eyes from closing[Verse 1]

Out to this lonely road

You gave me hope, gave me hope

Walk my drifting soul

And led me home, led me home[Refrain]

Won't you just stay here?

Chase away my fears

Solve my mysteries

Won't you just stay here?

Chase away my fears

Set my spirit free[Pre-Chorus]

Won't you lead the way

Through my darker days?

Keep them softly spoken

Keep them softly spoken

Show me the way

To a brighter place

Keep my eyes from closing

Keep my eyes from closing[Chorus]

Lifted away from my demons

Yeah, yeah

Yeah, yeah

Lifted away from my secrets

Yeah, yeah

Yeah, yeah[Post-Chorus]

Closing

Keep my eyes from closing

Keep my eyes from closing

Keep my eyes from[Verse 2]

Hold my heavy bones

They weigh me down, weigh me down

Held by a single thread

When you are gone, when you're gone[Refrain]

Won't you just stay here?

Chase away my fears

Solve my mysteries[Pre-Chorus]  
Won't you lead the way  
Through my darker days?  
Keep them softly spoken  
Keep them softly spoken  
Show me the way  
To a brighter place  
Keep my eyes from closing  
Keep my eyes from closing[Chorus]  
Lifted away from my demons  
Yeah, yeah  
Yeah, yeah  
Lifted away from my secrets  
Yeah, yeah  
Yeah, yeah[Bridge]  
If you start to fade  
I will keep you safe  
Like you do  
And if you feel afraid  
I will keep your faith  
Like you do[Pre-Chorus]  
Won't you lead the way  
Through my darker days?  
Keep them softly spoken  
Keep them softly spoken  
Show me the way  
To a brighter place  
Keep my eyes from closing  
Keep my eyes from closing[Chorus]  
Lifted away from my demons  
Yeah, yeah, yeah, yeah  
Lifted away from my secrets  
Yeah, yeah, yeah, yeah
