# Up

## Amy Diamond

(Up u-u-up, up up, u-u-up, up up)All set, you bet, ready to go
Anything can happen, nobody knows
One step, two steps, we're getting close
To our destination gonna put on a showTonight can be all that we imagine
Everything we want and more
As long as the music keeps on playingNow won't you turn it up, up, up
Louder, don't stop!
Take me over, lift me up high
You need to turn it up, up, up
We're ready, ready for this evening
Ready for the feeling, won't you turn it up(Up u-u-up, up up, u-u-up, up up)Don't you hold back, no no no
Let the rhythm lead you, anything goes
Dance or don't dance, do what you like
Let the music elevate you
Don't put up a fightTonight can be all that we imagine
Everything we want and more
As long as the music keeps on playingNow won't you turn it up, up, up
Louder, don't stop!
Take me over, lift me up high
You need to turn it up, up, up
We're ready, ready for this evening
Ready for the feeling, won't you turn it upI wanna get lost in the night (in the night)
I wanna get lost in the feeling (in the feeling)
I wanna get lost in the night (in the night)
In music, in musicNow won't you turn it up, up, up
Louder, don't stop!
Take me over, lift me up high
You need to turn it up, up, up
We're ready, ready for this evening
Ready for the feeling...Now won't you turn it up, up, up
Louder, don't stop!
Take me over, lift me up high
You need to turn it up, up, up
We're ready, ready for this evening
Ready for the feeling, won't you turn it up(Up u-u-up, up up, u-u-up, up up)
Won't you turn it up
(Up u-u-up, up up, u-u-up, up up)
Won't you turn it up
