Night Air

Teddy Geiger

The night air breathes but not so easy as before
Did you notice, did you take the time to listen
To my breath or to my words? When I spoke I explained my feelings
And my reasons for the way I love you, I'm getting to the pointAnd I feel like I do, even more now that I'm leaving
Well, I feel just like I do when I'm with youAnd she's so sweet
And I'm leaving thinkin' how I'm barely breathin' notice how
Your every look gives me tingles
And I wonder if you're listening to what I'm thinking, we won't fade awayAnd I feel like I do, even more now that I'm leaving
Well, I feel just like I do when I'm with you
And I feel like I do, even more now that
I'm leaving you, I'm leaving you, so what am I to do?My feelings have not fallen away
And your my every thought, yeah
Everything will go on its own way
Everything is okay we can try to make it, everything will goIt's all right baby, it's all right baby, it's all right baby girl
Why don't you stay?
My feelings have not passed away
You're my every thought here, everything willAnd I feel like I do, even more now that I'm leaving
Well, I feel just like I do when I'm with you
And I feel like I do, even more now that I'm leaving you, I'm leaving you
So what have I to do?
