Time And Tears

Dolly Parton

(Dolly Parton)I didn't cry all of these tears just to have you show up here again
I didn't lie awake all these nights to have you come walking back in
I didn't change my whole life around, not to mention my dreams and my plans
To have you come back with your same ol' act thinking that I'll understandTime and tears have mended the pain
Healed all the hurt and changed everything
Time and tears I'm happy to say
Time and tears have washed it away
Time and tears have washed you awayI didn't think that I would survive the day that you walked out on me
I truly was more dead than alive; and the pain, Lord I couldn't believe
I asked God to please have mercy on me and to ease all the feelings I felt
Then I saw the light, now I'm more than alright;
I'm much better off since you leftTime and tears have mended the pain
Healed all the hurt and changed everything
Time and tears have carried me through
Time and tears got me over you
Time and tears and somebody newTime and tears is all that it takes
To mend shattered hopes or a heart when it breaks
Time and tears have carried me through
Time and tears got me over you
Time and tears and somebody newTime and tears, time and tears got me over you
Time and tears, got me over you
