

# Velocity

## Dubtek

Tell me something that I don't already know

Tell me how you plan to save the world

I'm tired of people trying to tell me what is right

I'm tired of people trying to show me how I know that you might never understand the way I feel

I made a promise to myself that I would never let it showNever look down, never look down

Just keep my focus straight ahead

And try to walk this lineTell me all about your favorite human being

Tell me everything about yourself

God, the story is so terribly interesting

I wonder what's so good about myselfSo, let me take a good look at your perfect life

So, I know exactly how I don't want mineEveryday I see these

Same four walls that keep me here

And I want to change the things that hurt

I want to end this constant fearNever look down, never look down

Keep my focus straight ahead

And try to walk this line
